BBA AND BCA ADMISSIONS 2026-27 INFORMATION

PROGRAMS OVERVIEW

Bachelor of Business Administration (BBA)

The BBA program is a 4-year full-time course offered across multiple campuses of BIT Jaipur. The Department of Management was established in 1979 and has been producing quality business professionals for many years.

The program focuses on giving students theoretical knowledge, good communication skills, and practical business knowledge. It emphasizes creative and ethical competency through intensive training. The teaching methods include case analysis presentations, group discussions, and problem-solving techniques that address real-life business problems.

The curriculum includes Core Management subjects along with electives in Finance, Marketing, Human Resources, Information Technology, Digital Marketing, and Business Analytics. After completing the program, graduates can pursue higher education or entry-level managerial positions. The institute has a strong track record of placing graduates in leading organizations in India and abroad.

Bachelor of Computer Applications (BCA)

The BCA program is a 3-year or 4-year full-time course (depending on the format) offered at BIT Jaipur.

This program prepares students to apply computer science principles to solve problems in the business and technology interface. The course started in 1998 for girls and has since expanded to include boys as well.

The curriculum covers core technical subjects along with electives in Artificial Intelligence and Machine Learning, Data Science, and High Performance Computing. After completion, students are well-prepared for the IT industry or can opt for higher education. Many graduates pursue placement in good organizations.
