International Conference on Sustainability: Research, Education and Practice (SREP-2022)

Dates: 30-31 May 2022

Venue / Host: Department of Management, BIT Mesra, Jaipur, Lalpur, Noida, Patna

The Government of India launched the Azadi Ka Amrit Mahotsav to honour and celebrate 75 years of progressive India and the magnificent history of its people, culture, and achievements. The Department of Management of BIT Mesra, Jaipur, Lalpur, Noida, and Patna hosted the two-day International Conference on Sustainability: Research, Education and Practice on 30-31 May, 2022, as part of this celebration.

The conference provided a platform for deliberations on sustainability as a form of celebration of the progress of the country. In the contemporary world, sustainability has emerged as an important area of focus in research, education, and practice — a paradigm concerned about the future in which environmental, societal, and economic considerations are balanced in the pursuit of improved quality of life.

The conference had three main tracks: Sustainability and Human Resource Management; Sustainability in Marketing Practices and Research; and Sustainability in Public Services and General Management. Seventy-seven research papers were presented under the different tracks over the two-day international conference, covering sustainability across the various identified areas.

The conference featured distinguished expert speakers from academia and industry who delivered Plenary Sessions during the course of the event.

Plenary Session Speakers:

- Mr. Pankaj Sinha, Managing Director, Coca Cola Sri Lanka and Maldives.
- Prof. Alok Chaturvedi, Director, Institute for Social Empowerment through Entrepreneurship & Knowledge, Krannert School of Business, Purdue University — Topic: "Road to Prosperity in Harmony with People and Planet."
- Prof. Bhimaraya Metri, Director, IIM Nagpur.
- Prof. Rama Seth, Visiting Professor, Copenhagen Business School.

The conference aimed to bring together researchers, practitioners, educators, and students to exchange ideas on the pillars of sustainability. It was conceptualized to provide a platform to share cutting-edge research in the field, featuring a galaxy of speakers sharing their thoughts on contemporary management issues and sustainability issues.
