BIT Jaipur Campus Placements

The Campus Recruitment process of BIT Jaipur has, for the past 50 years, successfully met the needs of different sectors of the industry. The exacting academic standards of BIT, coupled with a range of extracurricular activities and the diversity of students from all parts of the country make all the campus very vibrant and conducive for personal growth.

The Training & Placement Division at BIT, Jaipur, partners with recruiters to meet their needs most suitably. This is done by way of organising the campus recruitment programme for the batch consisting of the students from the BE Computer Science, BE Electronics & Communication. MCA & MBA students.

Placement record of BIT Jaipur has been excellent. The offers have consistently exceeded the number of students. Students from the earlier batches have been recruited by a wide range of organisations including Accenture, Aricent, Atos Origin, Verizon, IFB, SAP Labs, Samsung R & D, Vedanta, Birlasoft, Cybage, Freescale Semiconductors, HP, IBM, iGATE, Infosys, Ispat, Microsoft IDC, Oracle, TCS, Tech. Mahindra.

With the correct balance of technical and soft skills, BIT Jaipur students are well equipped to contribute towards the success of organisations across different sectors.

BIT Jaipur welcomes recruiters on campus. Please make the Job/visit announcements by filling-in the online form and we shall contact you.

Campus Placement Rules

- Any eligible and unplaced student may opt for IT services company. A student possessing IT services offer may not be allowed to sit for any such companies.
- Student who is placed in IT services company may also get chance to appear for the core recruiters. A student placed in core company shall not be allowed to sit in any other process except dream jobs.
- There is also a provision for dream recruiters wherein all eligible placed/unplaced students may be allowed to participate in the process. Dream job declaration shall be at the discretion of T&P division. A student possessing dream offer shall not be allowed to sit in any other process.
- All the eligible and registered students are allowed to participate in the internship process, irrespective of holding any final placement offer, if they have not secured any internship offer
- A student may avail maximum up to 10 (ten) opportunities.
- The student who registers for any placement or internship process and does not appear for the same will be debarred from placement and internship facility.
- T&P Division reserves the right to take decision in the benefit of the stake holders.
